Administrators Aaron & Partners LLP (Chester) were appointed for **Eaton Estates (Knutsford) Ltd**

on 25/01/

2010

a suprising early casualty in

2010

. Only recently it's own advertising claimed that the company was

'the fastest growing estate agency in the area'

. The company's demise was reportedly to have been caused by the severe downturn in the housing market with hopes of a recovery having recently suffered a double blow with a collapse in both mortgage lending and the building of new homes. The total value of home loans in January hit a ten year low, according to the Council of Mortgage Lenders. The CML said that mortgage advances were down by 32 per cent on December and the lowest level since February 2000. Eaton Estates has subsequently been bought from the administrators and continues to trade from its offices at the top of Minshull Street in Knutsford.
